

Subscription Rates for 2017:

<p>1) The Standard Corporate Rate</p>	<p>This rate, which applies to all business and institutional members, is £5,000. A 10% discount applies for subscriptions effected before the end of 2017.</p> <p>A “block discount” is available for a group of six or more corporates who subscribe at the same time; this provides for a rate of £3,000 for each corporate member which is part of the group.</p>
<p>2) Individual Rate</p>	<p>This is also £5,000 but a “block discount” is available for any group of at least 10 private individuals who subscribe at the same time. This result in each individual paying £750, i.e. the “group” rate is £7,500 (which should be paid either as one instalment or by near simultaneous separate payments).</p> <p>The pre-2018 10% discount for early subscriptions that applies to corporate members also applies to individual members (but not in addition to the “block discount”).</p>
