

Subscription Rates for 2016:

1) The Standard Corporate Rate

This rate, which applies to all business and institutional members, is £5,000.

A “block discount” is available for a group of six or more corporates who subscribe at the same time; this provides for a rate of £3,000 for each corporate member which is part of the group.

2) Individual Rate

This is also £5,000 but a “block discount” is available for any group of at least 10 private individuals who subscribe at the same time. This result in each individual paying £750, i.e. the “group” rate is £7,500 (which should be paid either as one instalment or by near simultaneous separate payments).
